LET'S GO TO THE BALLGAME

Twenty-three seniors headed to the Astros game on June 3rd. We were seated behind the backfield. The guy on the Red Sox team kept catching our players' balls in the center field. So, the Astros lost the game 1 to 5. Yuli Gurriel made that home-run. It was a shame there were no other players on base when he made that home-run. It was a cloudy day with the prediction of RAIN! It didn't rain on us till we were on the way back to Woodhaven. Many of us got wet getting off the bus. It was a great day, and we all enjoyed the trip!

Our Visit with Our Son's Family

by Wanda Andrew

Clyde and I visited our son's family in Seattle, Washington, last month.

We had a marvelous time with them. We walked many miles, enjoyed the charming sightseeing, and smelled fresh flowers. During our time with them, we played cards. I won games so many times but my daughter-in-law finally won a game just before we flew home. We enjoyed our time with them.

Some Good Advice For Those Over 65 Years Old (Part 1)

(edited by Larryonne)

There were 21 of them that we saw on a post on Facebook and they were pretty long so we are editing them to make them shorter. Also we will send a few at a time for next few months to allow space for other items on Tidbit newsletter.

1. If you have saved money up for retirement, very good! Just use it and enjoy it wisely. Do not keep ALL of it for your children. They do need to learn to save their own money for their own retirement. It did not hurt you to save up your money, it won't hurt them to save up their own money. If you have any money left after you die, then they will get it. If not, it will not hurt them. If you have plenty of money and if it makes you happy, feel free to donate. That is honorable.

2. Do not WORRY about your children's or grandchildren's money problems. You have had your money problems and you survived. You have taken care of your children and they have learned with education and from watching you support them with food, home and attention. They can take care of themselves just as you took care of them. If you can afford to give to them, then go ahead but do not do it with stress or feeling that you have to help them.
