I had the privilege of visiting Early in his home last October. He presented a videotape containing historical TAD footage and an original photo of McVey with renowned TAD Presidents Louis Orrill and Rudy Gamblin. The photo was probably taken in 1961 when McVey served as 2nd Vice President of TAD. We at TAD are still seeking original photos and films for TAD's developing documentary film project. If you wish to make a donation to our organization, please send to TAD, P. O. Box 1981, Manchaca, TX 78652. Check should be made payable to Texas Association of the Deaf, Inc. or TAD.

Creation vs Evolution

Submitted by Audrey Leger

A little girl asked her mother, 'How did the human race appear?'

The mother answered,
'God made Adam and Eve and they had children and so was all mankind made.'

Two days later the girl asked her father the same question.

The father answered,
'Many years ago there were monkeys from which the human race evolved.'

The confused girl returned to her mother and said,
'Mom, how is it possible that you told me the human race was created by God,
and Dad said they developed from monkeys?'

The mother answered,
'Well, dear, it is very simple. I told you about my side of the family and your father told you about his.'
